Wyoming Stock Growers Association.

OFFICE OF SECRETARY AND EXECUTIVE COMMITTEE, }
CHEYENNE, WYO., JUNE 30, 1887. }

On the 15th of April, 1887, the Executive Committee of the Association authorized the publication of this, the fifth edition of the Brand Book. Circulars and blanks for marks and brands were immediately sent to the members of the Association, and a very general response was obtained.

The work has been pushed forward with all the speed that was consistent with the care and attention requisite in the preparation of a book of this nature. In all cases where members failed to return the blanks duly filled up, the brands of such members have been published as in the book of 1883, [the last one published.]

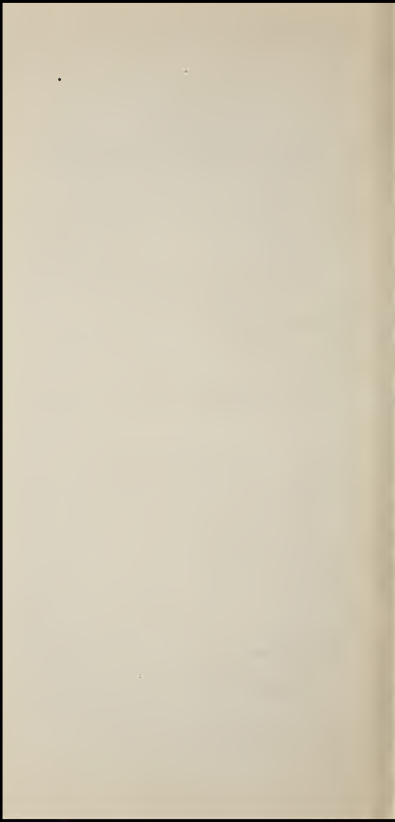

Mistakes have undoubtedly occurred, notwithstanding the care that has been exercised, and the members are respectfully requested to bring all errors that they may discover to the attention of the Secretary, in order that the necessary corrections may be made at an early day.

The names of individuals and corporations have been arranged in alphabetical order as near as possible, and indexed. Also an index of the principal brands of cattle and horses.

It was the intention of the Committee to have added an index of all the brands that appear in the book, but the preparation of such an index would have delayed, by a considerable period of time, the publication of the book itself, and it was thought best to leave the full index of brands for a separate and subsequent publication.

Respectfully,

THOMAS B. ADAMS,
Secretary.
